

Atlantic Canada CFA Society - Mining Panel Luncheon Presentation

The Atlantic Canada CFA Society Board
invites you to a special panel luncheon

Date: Thursday, February 16, 2012

Location: Casino Nova Scotia
Compass Room
Halifax, NS

Junior Mining & Exploration – An Atlantic Canadian Perspective

The Junior Mining & Exploration sector has garnered much attention from investors. The Atlantic Canada CFA Society is pleased to have a panel of four CEO's from our region to share their story and area of expertise in this sector. They will provide a snapshot of their company, discuss growth opportunities that are available and also provide their perspective on the Junior Mining & Exploration Sector. We are delighted to have the following panel of speakers address the Society: (refer to speaker bios on page 2)

Atlantic Canada CFA Society - Mining Panel Luncheon Presentation

Brigus Gold
Wade K Dawe
Chairman, Chief Executive Officer and President

Mr. Dawe is the Chairman, Chief Executive Officer and President of Brigus Gold. He has been an entrepreneur in Canadian mining and venture capital industries since 1994 and has consistently demonstrated strong results for shareholders through strategic planning, quality acquisitions and partnerships, and by retaining and developing industry respected senior management and directors. He is Chairman and a Director of Linear Metals, and serves on the Board of Directors of Immunovaccine. Mr. Dawe has a bachelor of commerce degree from Memorial University of Newfoundland, where he currently serves on the Advisory Board to the Faculty of Business Administration. Mr. Dawe's philanthropic activities include establishing and personally funding the annual James R. Pearcey Entrepreneurial Scholarship at Memorial University. Mr. Dawe, a native of Newfoundland and Labrador, is also a member of the Young Presidents' Organization (YPO), an international organization for business leaders.

Erdene Resources Development
Peter C. Akerley
President, Chief Executive Officer and Director

Peter C. Akerley is one of the founders and principals of the Erdene group of companies and has held the position of President and Chief Executive Officer and Director of Erdene Resource Development Corp. (TSX listed) since March 2003. Since becoming a public company in March of 2004, Erdene has successfully raised in excess of \$50 million and today is well funded with advanced projects in three countries. Mr. Akerley has 24 years' experience in the mining and mineral exploration business carrying out precious and base metal exploration in Canada, the U.S., Mexico, Guyana, Mongolia and the Philippines as well as extensive work with the Rio Tinto Group of companies involved in North American Industrial mineral exploration and project development. His work in Mongolia began in the mid-90's during which time he was involved in managing a country-wide regional exploration program providing the background for an eventual initial public offering of Erdene. Mr. Akerley has also been President of BRM Exploration Ltd., a mineral exploration consulting company providing geologic exploration and managerial services to junior and senior exploration and mining companies globally. He is also a Director of Temex Resources Corp.. Mr. Akerley holds a BSc (Geology) from Saint Mary's University in Halifax.

GoGold Resources
Mr. Terence F. Coughlan, P.Geo
President, CEO, and Director

Mr. Coughlan, of Dartmouth, Nova Scotia, holds a B.Sc. (geology) degree from St. Mary's University (1987) and has been actively involved in the mineral resource industry since 1984. Mr. Coughlan was director of Gammon Gold Inc., a mineral exploration company which trades on the TSX and NY Stock exchanges, and served as Vice President and Director of that company from 1997 to December 2003. Mr. Coughlan was Vice President of Acadian Mining Corporation from 2003 to February, 2010 and a director of Acadian Mining Corporation from 2003 until November, 2009. Mr. Coughlan was a Director of Royal Roads Corp. from August, 2008 to February, 2010 and is a qualified person as defined by National Instrument 43-101.

MerrexGold
Gregory Isenor, P.Geo
President & Chief Executive Officer

Mr. Isenor is 63 years of age, a professional geologist and businessman. He holds a Bachelor of Science degree (1970) from Acadia University and is a member of the Association of Professional Geologists of Nova Scotia. During the preceding five years, Mr. Isenor was President and Director of Jilbey Gold Exploration Ltd. until its takeover by High River Gold Mines Ltd. in August 2005. Prior thereto Mr. Isenor was an independent consulting geologist. As a consulting geologist he worked in numerous parts of the world including Canada, the United States, Australia, New Zealand, Asia and Africa.
